VIJAYAWADA

The Information Technology Association of Andhra Pradesh (iTAAP) is going to organise a national symposium on the challenges and opportunities using the latest technology in the Smart Cities project.

With city-based electronics firm Efftronics Systems Pvt. Ltd. as the knowledge partner, the symposium will discuss the revolutionary concepts of Internet of Things (IoT), Artificial Intelligence, Machine Learning, BigData, Analytics and Mobile Applications.

Inauguration by Lokesh
Scheduled to be held on May 5 and 6, the symposium will be inaugurated by IT Minister Nara Lokesh, according to organisers.

"Cities are the engines of economic growth and it is anticipated that 40 % of the country's population would live in urban areas by 2030.

iTAP national symposium on Smart Cities on May 5, 6

Vijayawada: Institute of Taxation & Accounting Professionals (iTAP), in association with Efftronics, will organise a national symposium on 'Smart Cities - Challenges and Opportunities' at Hotel Fortune Murali Park in the city on May 5 and 6. According to a press release issued by Efftronics managing director D Ramakrishna here on Wednesday, the symposium is aimed at creating awareness among government, industry and academia about various challenges and opportunities in smart cities arena.
